## INSTALLATION OF WATER METERS FOR NEW CONNECTIONS

In keeping with a resolution passed by the Board of Trustees on the January 25<sup>th</sup>, 2005, all new connections shall have a water meter installed complete with a remote readout.

The cost of the meter, remote readout and its installation shall be borne by the owner, payable at time of Application for Water.

The current costs are as follows:

3/4x5/8 meter	\$383.55 installed. (Normal residential)*
3/4 " Meter	\$423.55 installed.
1" Meter	\$465.00 installed
1 1/2" Meter	\$737.00 installed
2" Meter	\$899.55 installed

Please note: these costs are for new building installations. Costs to install meters in existing buildings may be higher than the prices listed above.

The meter will be owned by BMID. The maintenance of the meter will be the responsibility of the District, the cost of which will come from tolls.

Below is the specification for the meters and the readout and what will be required from the builder/plumber. Corix Utilities Inc. will be the supplier and installer of the meter.

Water meters are to be Sensus SR2 ECR/DM,c/w cast iron or bronze frost bottom, or Sensus PMM ECR/DM c/w bronze frost bottom; both with 1M3 touchread ICE registers c/w outside mounted touchpad and 505c single port MXU. Meters and the MXU radio receiver are to be programmed with serial numbers, electronic ID, with radio coordinates (latitude and longitude) programmed and recorded by the installer, (Required for setup of the Black Mountain Irrigation District electronic files). The Sensus SR2 meter may be installed horizontally or vertically, and the Sensus PMM meter will be installed horizontally only. All meter wiring is to be installed by the building contractor. Connection of the MXU and touchpad will be completed by BMID's approved installer. The installer of the meter and the remote is to be Corix Utilities Inc. or any future installer approved by Black Mountain Irrigation District.

### Please Note:

The contractor's plumber is responsible for **faxing Corix at 765-6831** for the meter installation after the City of Kelowna plumbing inspector has given final approval of the plumbers work.

**Or phone Corix Utilities Inc. at 765-3826 to arrange for meter installation.**

Water toll rate will be as per current toll bylaw.

Per Black Mountain Irrigation District Board of Trustees.
